September 2013

An Important Update from Legacy Laboratory Services

Reagent Backorder: Anti-Nuclear Antibody ELISA Screen Reflex IFA

Mnemonic: ANA R-IFA
Anti-Nuclear Antibody ELISA Screen Reflex IFA

Due to a national reagent backorder, we have temporarily suspended performing the Anti-Nuclear Antibody ELISA screen, effective September 17, 2013. In its place we will be offering Anti-Nuclear Antibody testing by IFA (Mnemonic: ANA IFA). The **ANA IFA testing will be substituted** at no additional cost. Positive tests will reflex to titer and pattern as offered with the ANA ELISA screen.

Users of **Legacy WEBLink** and clients with **EMR interfaces** should order the ANA IFA to facilitate order/result matching. For your convenience, the build components for both tests are provided below. Please contact Lab Outreach Support at 503-413-4190 if you have interface related questions.

Test Description	Description of Change	Test Order Code	Test Result Code	Test Result Code Name
Effective Date 09/17/13				
ANA ELISA Screen Reflex IFA	Temporarily unavailable due to reagent backorder	ANA R-IFA	ANA ELISA	ANA ELISA Scn
ANA IFA - Antinuclear Antibody	Temporary Replacement for ANA R-IFA	ANA	ANA ELISA I ANA	ANA ELISA Scn Interp
_Antinuclear Antibody Titer Serum		_ANA TI	=ANA TITER	ANA IFA Titer
			ANA TI INT	ANA IFA/Cytoplasmic Interp
			CYTO TITER	Cytoplasmic Ab Titer

Specimen Req: 0.50 mL serum (one gold (SST) top tube)
