

Legacy Health

INTERNAL MEDICINE PROGRAM - FOURTH YEAR VISITING STUDENTS - ACCEPTANCE CRITERIA

WARDS @ Legacy Emanuel or Good Samaritan Medical Center
MICU @ Legacy Good Samaritan Medical Center

Note: Application forms for the next academic year will not be reviewed for student eligibility and rotation availability until April 1st. A confirmation email will be sent as forms are received.

Legacy Health's Graduate Medical Education Committee recognizes the following rotation for visiting U.S. medical students to the wards and MICU at Legacy Emanuel and Legacy Good Samaritan Medical Centers:

Hospital Clinical Clerkship on Inpatient Wards/MICU:

Affiliated U.S. Medical Schools: Rotations are governed by a written institutional agreement between the student's sponsoring medical school and Legacy Health in accordance with Oregon Administrative Rules, Board of Medical Examiners, Chapter 847, Division 10, section 090, Hospital Clinical Clerkships.

Non-Affiliated U.S. Medical Schools: Students from non-affiliated medical schools must file an elective clinical rotation request form with the Graduate Medical Education office. The wards and MICU rotations generally meet the minimum requirements for Sub-I credit but may also be counted as an elective. Requirements may vary at non-affiliated medical schools. In general, Legacy Emanuel and Good Samaritan Medical Centers will not sign or negotiate institutional agreements for rotations due to the resources required to execute such agreements.

Minimum Criteria:

- ✓ Enrollment as a fourth year student and in good academic standing at a U.S. medical school accredited by the Liaison Committee on Medical Education or the American Osteopathic Association.
- ✓ Approval by Medical School Dean or Registrar to take requested elective as indicated on the rotation application form.
- ✓ Written proof of professional malpractice insurance, valid in the State of Oregon, for at least \$1 million per occurrence and \$3 million aggregate at all times while participating in the clinical rotation valid in the State of Oregon.
- ✓ Verification of major medical insurance, effective in the State of Oregon, during the entire length of the elective rotation.
- ✓ Current immunizations for Diphtheria/Tetanus, Measles, Rubella, Mumps and Hepatitis B. In addition, students must have had a negative Tuberculin skin test within the last calendar year. If known positive tuberculin, must have been treated with INH for six months, or must have a copy of a chest x-ray report.
- ✓ U.S. citizen or proof of an appropriate U.S. visa.
- ✓ Ability to speak, read, and write standard English and medical terminology.
